

Product approval process and information for distributors

- Handelsbanken Asset Management is a co-manufacturer of the Handelsbanken Multi Asset Funds.
- The Handelsbanken Asset Management product approval process will operate in conjunction with that of our co-manufacturer, the Authorised Corporate Director.

Handelsbanken Asset Management product governance - approval process

- Oversight for the product approval process is the responsibility of Handelsbanken Asset Management's Management Group.

- Handelsbanken Asset Management's Investment Management Operating Committee (IMOC) provides the first stage of approval.
- The Management Group of Handelsbanken Asset Management provide final approval in conjunction with approval by the co-manufacturer.
- The co-manufacturer of the Handelsbanken Multi Asset Funds is Link Fund Solutions Ltd.

Access to target market information

- Handelsbanken Asset Management target market data is provided in the European MIFID Template (or EMT).
- The EMT is published:
 - By Link Fund Solutions as co-manufacturer of the LF Handelsbanken Multi Asset Funds.
 - Via third party data vendors such as Fundslibrary.

Should you wish to access the EMT, please contact:
